

Water Re-Use technology.

Wastewater Basics

Conventional wastewater plants consist of huge sedimentation tanks.

Epuramat Technology

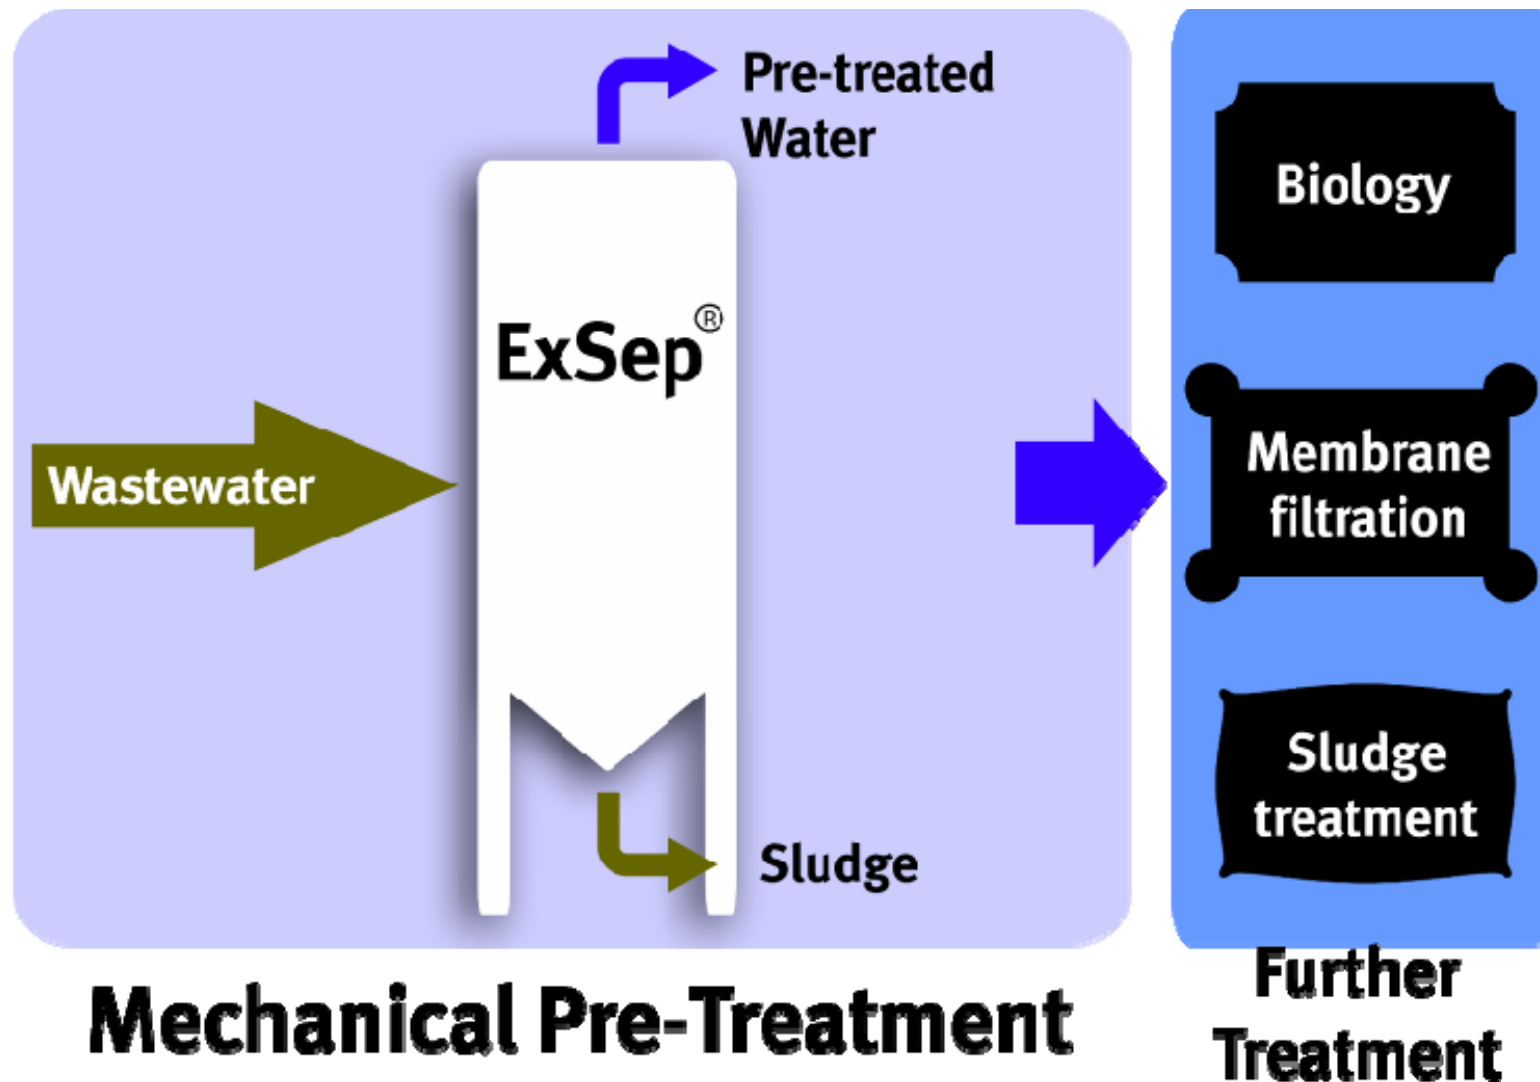

Epuramat developed a highly efficient pre-treatment device.

Epuramat Technology

The better the pre-treatment, the easier the further treatment.

Industrial target groups

Complete solutions for several branches already successfully developed.

Concrete Industry

Shipbuilding Industry

Steel Industry

Paper Industry

Recycling Industry

Food Industry

Company Financing

Aggressive Business Plan required new capital by mid of 2009.

The image shows the cover of a business plan document for Epuramat. At the top left is the Epuramat logo, a blue water drop. To its right is the company name "Epuramat" in a bold, black, sans-serif font, with the tagline "CLEANTECH FOR WASTEWATER" in a smaller, blue, sans-serif font below it. Underneath the logo and name is the company's address: "Epuramat S.A., Z.I. Chaux de Contem, L-5324 Contem, Luxembourg". Below the address is the website "www.epuramat.com". A thick horizontal line separates this header from the main content. The main title "Business Plan" is in a large, bold, black font. Below it is the subtitle "Changing wastewater treatment". A central photograph shows five people standing in front of a large, white, box-like structure labeled "BOX4WATER". To the right of the photo are four award logos: "RED FISHING WINNER 100 EUROPE", "Water Top 50", "KIS 100 Club", and a circular seal stating "Voted among Top 5 CleanTech Companies in Europe's Water Summit". At the bottom left of the cover, a caption reads "Above: Epuramat's 'Box4Water'". At the bottom right, a line of text says "Additional information available upon request".
